Photographs of November

Focus on the task at hand.

Reach out to others with a daily hello.

Keep balanced!

Teamwork divides the task and multiplies the success.

I am nothing without my band.

Horses lend us the wings we lack.

Teaching students to count is fine, but teaching them what counts is best.

A day without laughter is a day wasted.

Without music life would B flat.

Nothing brings people together like singing.

What has keys but can't listen to the beauty it unlocks?

Reading is to the mind what exercise is to the body.

You can't buy happiness, but you can buy a board game.

To learn music is to learn a whole new language.

The race of life is a marathon not a sprint.

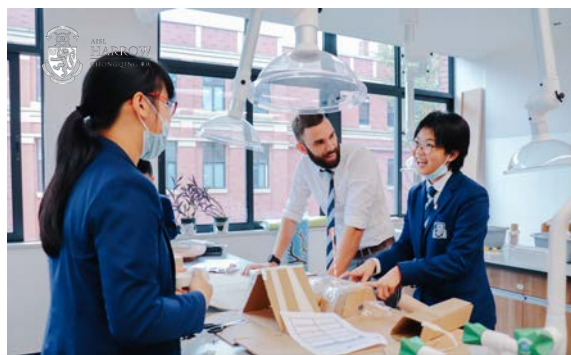

Time to get stronger.

In the long run, you only hit what you aim for.

Alone we are smart. Together we are brilliant.

When the student is ready the teacher shall appear.

You can't play a symphony alone.

You have to taste a culture to understand it.

Count your blessings, not your problems.

Happiness is the highest level of success.

I play guitar because it lets me dream out loud.

You only hit what you aim for.

When your body gets tired, Swim with your heart.
