Photographs of December

IT takes two.

Life is like a balloon. If you never let yourself go. You never know how far you will rise.

Take aim, hit your targets hard.

Life is balancing act.

Don't let anyone burst your bubble.

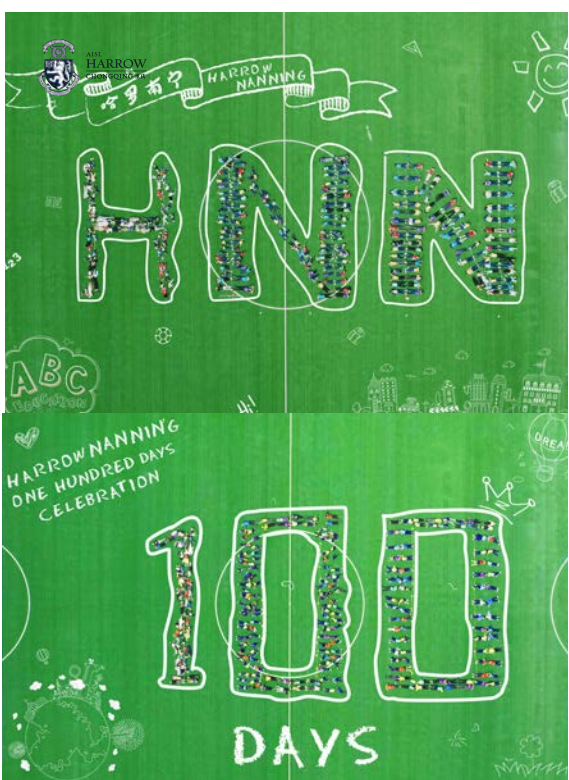

Focus on the outcome not the obstacle.

A dragon teaches us that if we want to climb high we must do it against the wind.

Relax your mind and draw.

Make the days count.

Music is the universal language.

Success achieved together feels more complete.

Spread your wings and see how far you can fly.

An expert in anything was once a beginner.

Photographs of December

Sitting quietly, doing nothing, spring comes, and the grass grows by itself.

Never stop looking up.

Hit the right note.

Life is an experiment.

Act the part and you will become the part.

Music produces a pleasure that Human nature cannot do without.

Orchestra golden rules: Start together and finish together.

They may forget what you said, but they won't forget how you made them feel.

Throwers don't have finish lines.

There is always a reason to smile.

My teacher gave me the best gift: Believing in me!

The future belongs to those who learn diverse skills.

There are shortcuts to happiness and dancing is one of them.
