Always praise effort.

It is not about being the best. It is about being better than you were yesterday.

Welcome a challenge.

Learn to analyse failure.

Stop magnifying your failures. Focus on your wins and let them propel you forward.

Allow yourself to grow and change. Your future self is waiting.

The person who does the work is the only one who learns.

Courage is like a muscle; we strengthen it with use.

Every accomplishment starts with the decision to try.

I am my own superhero.

The doubters said, 'Man can not fly'. The doers said, 'Maybe, but we can try'.

Every child is gifted. They just unwrap their packages at different times.

If at first, you do not succeed... you are normal!

If I cannot do great things, I can do small things in a great way.

Do not look back. You are not going that way.

Game face on.

Stay humble, work hard, be kind.

Small actions every day lead to big results.

Every day is another chance to do something great.

Be stronger than your excuses.

In the middle of difficulty lies opportunity.

Do not wish for it. Work for it.

Learning is a treasure that will follow its owner everywhere.

Choose your dreams over excuses.

Challenges are opportunities to rise to the next level.

I am enough, I have enough, I do enough.
