Photographs of August

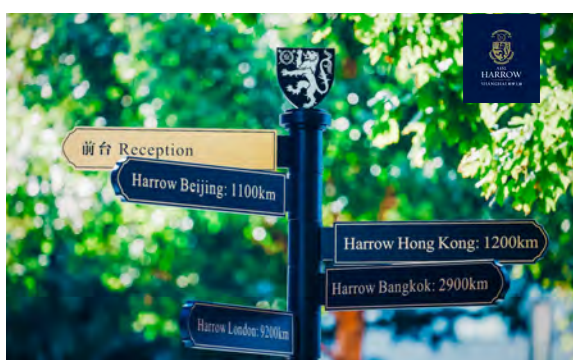

Make waves and turn heads

Appreciating the little things

Our future is
in our hands

The family tree

In teaching others
we teach ourselves

Put on my thinking hat

Open your mind, open a book

On our voyage, we set off

Education with values

Surround yourself with
smart people

A journey of earnest growth

Pain today, is strength
tomorrow

The greenhouse of ideas

Photographs of September

Learning is a process of
constant discovery

Calm carpet time with Mr Panda

My friend and I

Life is like a climbing frame

Tell me and I forget,
Involve me and I learn

To know how to play
is a happy talent

Nothing like learning together

Every child is an artist

Kindness is contagious

Smooth seas do not make
for skillful sailors

The cars we drive say
a lot about us

There is no problem
we cannot solve

Reflect and shape
your own identity

Photographs of September

There are many branches of learning
but one solid tree-trunk of wisdom

The shortest way to get to your
destination is in good company

Humble yet
confident

Ready for the plunge

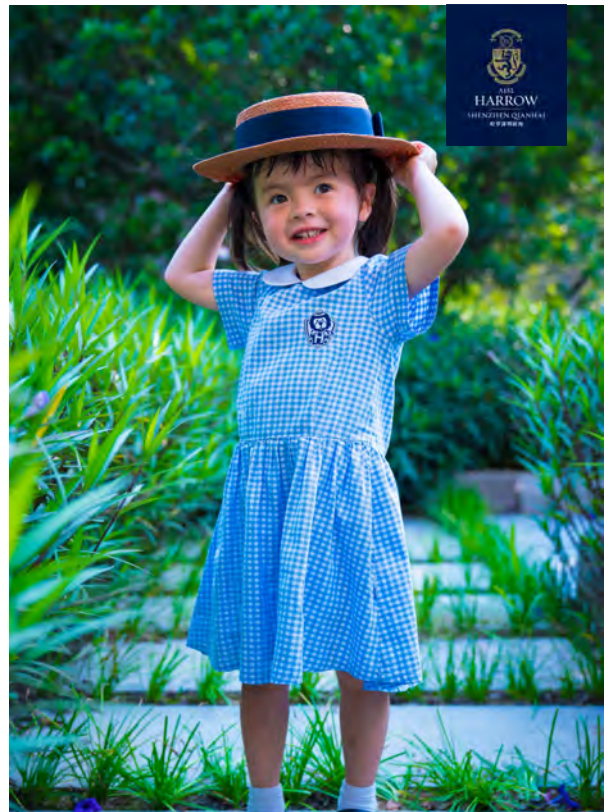

Finding the right balance

You miss 100% of shots
you don't take

Learning a new language
with friends

Dressing well is a form
of good manners

We rise by lifting others up

He who laughs most,
learns best

Live your life as a role model

A bit of down time

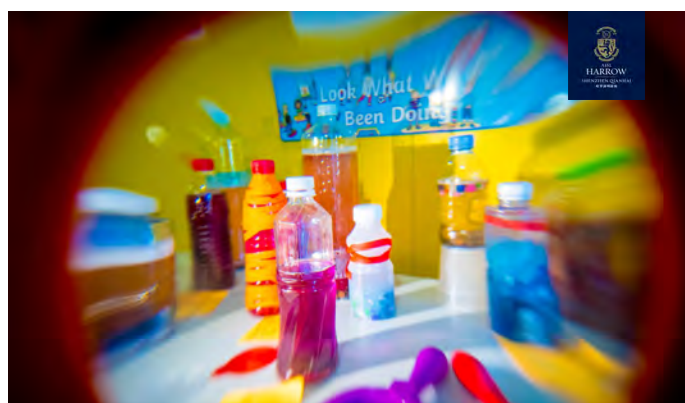

Sky is the limit

Photographs of October

You will never forget
your school friends

Sometimes less is more

Wear your smile
with pride

Under the Willow tree

Two very powerful words,
'Well done'

Be ever curious

Set your life on fire. Seek
those who fan the flames

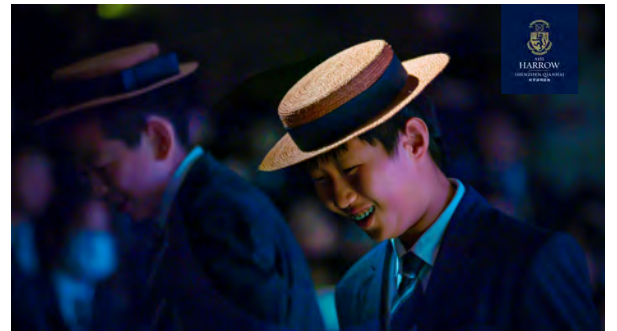

Talent wins games, but fellowship
wins championships

Every Harrovian has
their own soundtrack

Alone we do a little,
together we do a lot

Get up, dress up, show up
and never give up

Take a bow

'Forty years on'

Photographs of October

In union there is strength

The person who starts the race is not the same person who finishes the race

Awestruck

Picnic with Spiderman

Happy Harroween

Turn knowledge into action

Playing music makes me happy

My only competition is my potential

Teamwork is at the heart of great achievement

The world is led by those who get involved

Never stop smiling

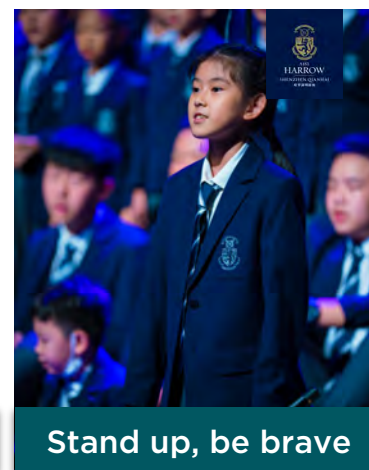

We are on the right path

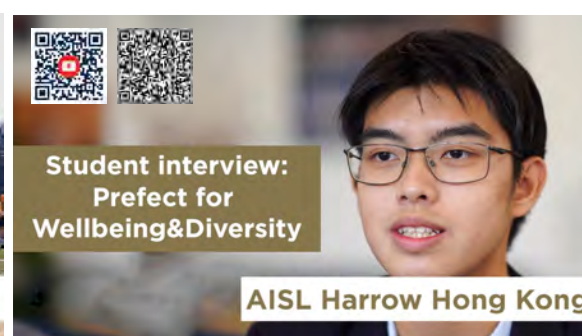

I spy with my little eye

Photographs of Christmas Edition

Happy holidays

Christmas isn't just a day;
it's a frame of mind

Ho Ho Ho

Let the spirit of Christmas
wrap you up this year

The best way to spread Christmas
cheer is singing loud for all to hear

Shine bright

At Christmas,
all roads lead home

The spirit of giving and forgiving

Be joyful

Play and make good cheer
for Christmas comes but once a year

It's not what's under the tree that
matters. It's who's gathered around it

Photographs of Christmas Edition

'Tis the season to be jolly

The magic of Christmas

Every time a bell rings,
an angel gets her wings

Christmas in the heart
puts Christmas in the air

It's always a good time to begin

There's a certain magic that
comes with the very first snow

Leave a little sparkle
wherever you go

It's the most wonderful
time of the year

Christmas is doing a little
something extra for someone

Joy to the world

'It's Christmas...
I had no I deer'

Photographs of Christmas Edition

Open presents, Open hearts

Always jingle all the way

Christmas isn't a season
it's a feeling

Photographs of November

Focus on the task at hand

Reach out to others with a daily hello

Keep balanced

Teamwork divides the task and multiplies the success

I am nothing without my band

Horses lend us the wings we lack

Teaching students to count is fine, but teaching them what counts is best

A day without laughter is a day wasted

Without music life would B flat

Nothing brings people together like singing

What has keys but can't listen to the beauty it unlocks

Reading is to the mind what exercise is to the body

You can't buy happiness, but you can buy a board game

Photographs of November

To learn music is to learn a whole new language

The race of life is a marathon not a sprint

Time to get stronger

In the long run, you only hit what you aim for

Alone we are smart. Together we are brilliant

When the student is ready the teacher shall appear

You can't play a symphony alone

You have to taste a culture to understand it

Count your blessings, not your problems

Happiness is the highest level of success

I play guitar because it lets me dream out loud

You only hit what you aim for

When your body gets tired, Swim with your heart

Photographs of December

IT takes two

Life is like a balloon. If you never let yourself go. You never know how far you will rise

Take aim, hit your targets hard

Life is a balancing act

Don't let anyone burst your bubble

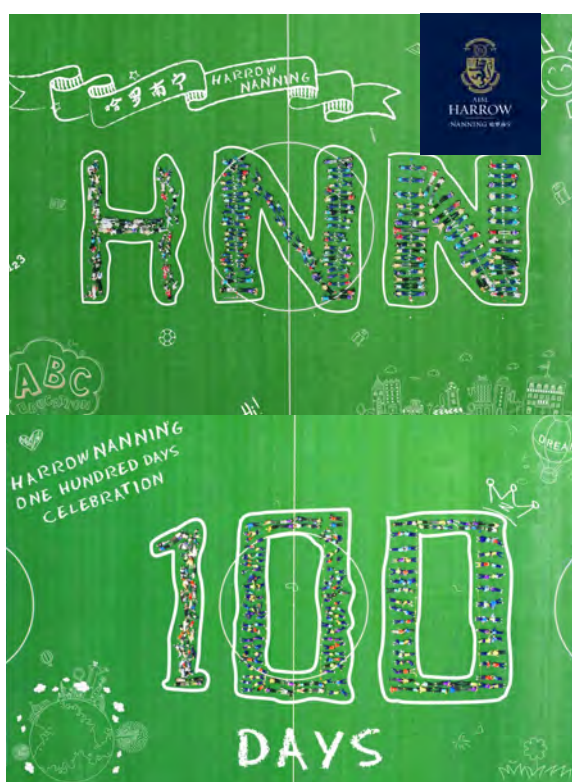

Focus on the outcome not the obstacle

A dragon teaches us that if we want to climb high we must do it against the wind

Relax your mind and draw

Make the days count

Music is the universal language

Success achieved together feels more complete

Spread your wings and see how far you can fly

An expert in anything was once a beginner

Photographs of December

Sitting quietly, doing nothing, spring comes, and the grass grows by itself

Never stop looking up

Hit the right note

Life is an experiment

Act the part and you will become the part

They may forget what you said, but they won't forget how you made them feel

Music produces a pleasure that Human nature cannot do without

Orchestra golden rules: Start together and finish together

Throwers don't have finish lines

There is always a reason to smile

My teacher gave me the best gift: Believing in me

The future belongs to those who learn diverse skills

There are shortcuts to happiness and dancing is one of them

Photographs of Lunar New Year Edition

Learning is a weightless treasure
you can always carry easily

Ripe fruit falls by itself, but it
doesn't fall in your mouth

Learning is a treasure that will
follow its owner everywhere

To be totally at leisure for one day
is to be immortal for one day

The pen of the tongue should be
dipped in the ink of the heart

Behave toward everyone as
if receiving a guest

The best time to plant a tree was
20 years ago. The second best
time is today

Crouching Lions, visible dragon

Tenacity and adversity
are old foes

The best mirror is a friend's eyes

Traveler, there is no road. The
road is made as you walk

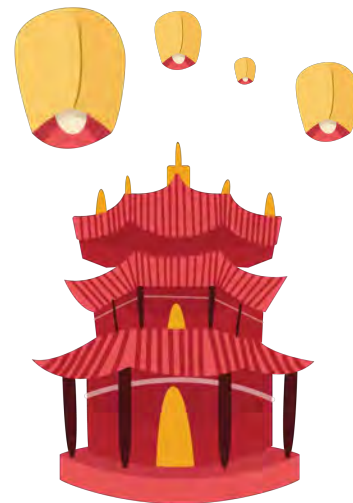

Photographs of Lunar New Year Edition

All things change, and
we change with them

A strong steed cannot be
raised in the yard

Give a person a fish and they
eat for one day. Teach them to
fish and they eat for a lifetime

Genius can be recognized
by its childish simplicity

Be not afraid of growing slowly,
be afraid of standing still

A person without a smiling
face must not open shop

It is not the knowing that is
difficult, but the doing

A bird does not sing because it
has an answer. It sings because
it has a song

Talk does not cook rice

A journey of a thousand miles
begins with a single step

Teachers open the door.
You enter by yourself

Photographs of Lunar New Year Edition

In shallow holes moles
make fools of dragons

A smile will gain you ten
more years of life

A book holds a
house of gold

Photographs of January

If you want happiness for a lifetime,
help someone else

Believe you can and you are
halfway there

Reading is
brain food

Nothing is impossible, the
world itself says I'm possible

If you find a path with no
obstacles, it probably
doesn't lead anywhere

Always do what you are
afraid of doing

Attitude is a little thing that
makes a big difference

May your choices reflect
your hopes, not your fears

Improve 1% a day, and in just
70 days, you're twice as good

Together we can do so much

Success achieved together
feels more complete

Education is not the learning of facts, but the training of
the mind to think

Photographs of January

You were created a champion
and ready for any battle

Quality performance starts
with a positive attitude

So much
to explore

Happy Lunar New Year and
good luck for the year ahead

A smile will gain you
10 more years of your life

The problem is not the problem,
it is the attitude about the
problem

I am not afraid of storms, for I
am learning to sail my ship

The joy of sharing traditions

A wise person makes
their own decisions

Learning is a treasure that will
follow its owner everywhere

All things are difficult
before they are easy

Challenges are opportunities to
rise to the next level

Whether you think you can or
you think you can't, your right

Photographs of February

Always praise effort

It is not about being the best. It is about being better than you were yesterday

Welcome a challenge

Learn to analyse failure

Stop magnifying your failures. Focus on your wins and let them propel you forward

Allow yourself to grow and change. Your future self is waiting

The person who does the work is the only one who learns

Courage is like a muscle; we strengthen it with use

Every accomplishment starts with the decision to try

I am my own superhero

The doubters said, 'Man can not fly'. The doers said, 'Maybe, but we can try'

Every child is gifted. They just unwrap their packages at different times

If at first, you do not succeed... you are normal

Photographs of February

If I cannot do great things, I can do small things in a great way

Do not look back. You are not going that way

Game face on

Stay humble, work hard, be kind

Small actions every day lead to big results

Every day is another chance to do something great

Be stronger than your excuses

In the middle of difficulty lies opportunity

Do not wish for it. Work for it

Learning is a treasure that will follow its owner everywhere

Choose your dreams over excuses

Challenges are opportunities to rise to the

I am enough, I have enough, I do enough

Photographs of March

We are only as strong as we are united

Teamwork begins by building trust

Go confidently in the direction of your dreams

Alone we can do so little; together we can do so much

Working together is success

Tell me and I forget. Teach me and I remember. Involve me and I learn

Happiness is a juicy read

Success is best when it is shared

Treasure in my hands

Learning never exhausts the mind

Where words leave, music begins

Whoever is happy will make others happy too

Happiness is acceptance

Photographs of March

Keep smiling

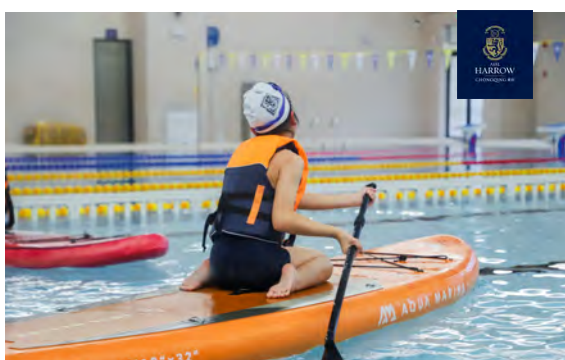

Life is a long lesson in humility

Smile and you
will go far

Stay humble, work hard, be kind

Satisfaction lies in the effort, not
in the attainment

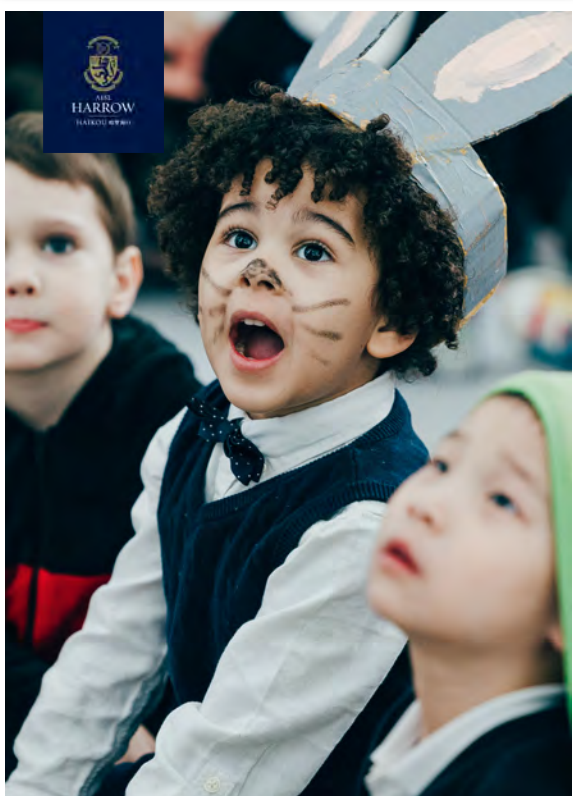

Research is creating new
knowledge

I never dreamed about success,
I worked for it

Learning is a companion that
will follow its owner everywhere

Be brave, little bunny.
Take a chance

Imagination is key

Good vibes. Good friends.
Good times

We love our Harrow Family

The future belongs to those who
believe in the beauty of their
dreams

Photographs of April

A friend may be behind a stranger's face

Plan slowly, act quickly

Today is a good day to try

Every book is a new adventure

Excellence is in the details

The best speakers are those who present themselves as themselves

We learn best in moments of enjoyment

Balance is not something you find. It is something you create

Take it one step at a time

If you are happy and you know it, clap your hands

Recognise what you have inside

Don't drop the ball

Leap into everything you do

Photographs of April

Surround yourself with positive people

We all have some magic within us

Choose to smile,
it feels better

Keep climbing higher and higher

Obstacles become opportunities
when you see them as hurdles
not walls

Think and wonder.
Wonder and think

It is important to celebrate
your victories

In a gentle way, you can
shake the world

A good balance
is the key to life

You do not find the happy life.
You make it

The most wasted of days is
one without laughter

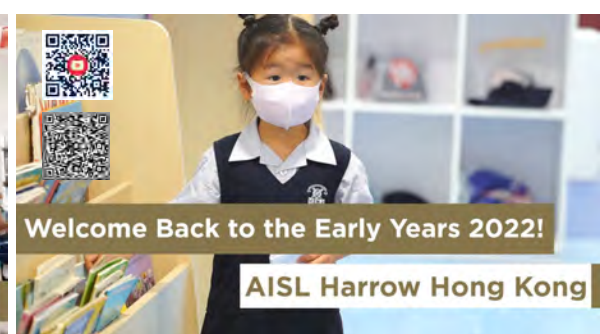

Be crazy!... Be brave enough
to live differently

The circle of trust

What you plant today, you will harvest tomorrow

Life is like riding a bicycle. To keep your balance you must keep moving

Plant dreams, pull weeds and grow a happy life

A book is a gift you can open again and again

I want to be more than your friendly neighbourhood spider-man

It is a funny thing, the more I practice the luckier I get

The real strength comes from being the best you can be

All the flowers of all the tomorrows are in the seeds of today

Those who do not jump will never fly

Knowledge speaks but wisdom listens

Peace begins with a smile

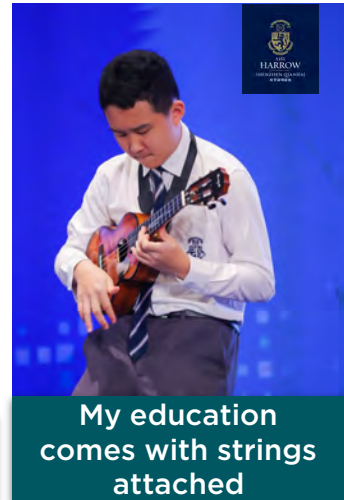

Tradition is not the worship of ashes, but the preservation of fire

Work hard in silence, let your success be the noise

Live to the beat of your drum,
row to the beat of your drummer

High-five! My dear friend

Humility is the
true key to
success

Life is a stage,
and we are merely players

The greatest gift of life is
friendship

Good Times + Best Friends
= Great Memories

Sport live. Life lives

Creativity is something no
one can take away from you

Teaching is the greatest act
of optimism

Knowledge speaks
but wisdom listens

You can't win unless
you learn how to lose

Individually, we are one drop.
Together, we are an ocean

Do what is right, not what is easy

Photographs of June

Champions, like seeds, only gain strength when you bury them

Chin up, harrovians

Fantasy hats give you the possibility to dream

Teamwork makes the dream work

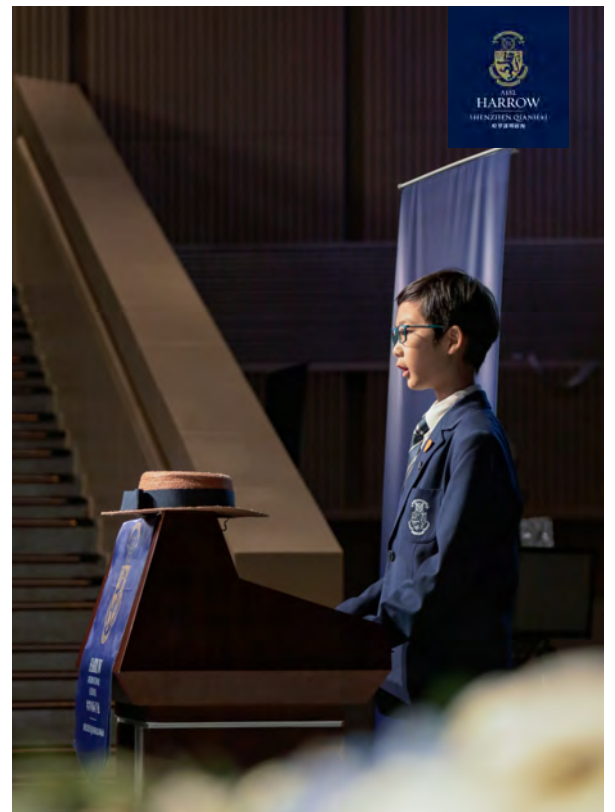

Keep the smile on

Finishing races is important, but racing is more important

Life is cool by the pool

Always give a speech that you would like to hear

Leadership is unlocking people's potential to become better

Be honest. Be kind.
Be honourable. Work hard.
And always be awesome

It is always an honour to put on a uniform

Fun times and great memories

Kindness is not an option, it's an obligation
