# AISL EDUCATION GROUP

## Preparing *for* the Future; Prepared *for* Life

Asia International School Limited (AISL) Education Group is a leading provider of education services in Asia. The AISL Harrow family of schools comprises Harrow International Schools, Harrow Innovation Leadership Academies and Harrow Little Lions Early Years Centres, which proudly draw on the 450-year heritage of Harrow School in the UK, embracing the Harrow Values of Courage, Honour, Humility, and Fellowship. We are committed to the highest standards and quality of education for all students, delivering educational excellence for life and leadership.

AISL believes in investing in how educators learn so that they may better teach, nurturing their students to their highest capabilities. We believe in sharing best practices and we believe that young people should be given opportunities outside the classroom as they augment their intellectual abilities to be ably prepared for the future.

### Educators *for* Excellence

To nurture and support continuous learning of teachers and educators to address changing pedagogic needs in a challenging and complex world through professional development and attainment.

### Holistic Education *for* Excellence

To take students out of the classroom for experiential and collaborative-based learning to widen perspectives, broaden horizons, build resilience and gain in maturity.

### Educational Resources *for* Excellence

To provide the latest in innovative and creative, as well as technological educational resources for schools, teachers, students and parents to keep pace with the demands and requirements of 21st Century learning.

# A

*ISL*  
*Harrow Schools*

Educational Excellence *for* Life and Leadership

“To lift students to new levels of achievements in an ever-changing world, establishing lifelong learning interests and leadership potential to serve the wider community and lead wherever they are.”

# AISL HARROW SCHOOLS

The AISL Harrow Schools are a network of schools in China, HKSAR, and elsewhere in Asia including Thailand and Japan.

AISL  
**HARROW**  
INTERNATIONAL  
SCHOOLS  
哈罗国际学校

AISL Harrow International Schools (“HIS”) are world leading international schools that provide an education structured on the national curriculum for England, Wales and Northern Ireland. Students follow a pathway towards the study of IGCSE and A levels, both world leading qualifications recognised by all universities across the globe. Harrow International Schools in Hong Kong and Shanghai are positioned in the top 1% of all schools for IGCSE and A Level outcomes whilst all HISs provide students access to world leading universities including Oxbridge and Ivy League.

AISL  
**HARROW**  
INNOVATION LEADERSHIP  
ACADEMIES  
哈罗礼德学校

AISL Harrow Innovation Leadership Academies (“HILA”) offer Chinese families a bilingual education rooted in the Chinese National Curriculum. For students between 6 to 15 years of age, HILA provides access to a compulsory education which includes undertaking compulsory examinations of Hui Kai and Zhong Kao. In high school, our HILA students study IGCSE and then A Level alongside providing access to compulsory curriculum elements of Chinese, history, geography and politics and ideology. The HILA educational philosophy is a research informed approach to promoting fluency in language acquisition and promoting learning and development to secure Chinese identity, Academic excellence, Leadership Attributes and Bilingualism.

AISL  
**HARROW**  
LITTLE LIONS  
EARLY YEARS CENTRES  
哈罗小狮幼儿园

AISL Harrow Little Lions provides an early years education to children between the age of 2 to 6 years. The AISL Harrow Early Years philosophy and curriculum is specifically designed to prepare students for transition into a HIS or HILA and lay the foundations for bilingualism.

# OUR PARTNERSHIP WITH HARROW SCHOOL IN THE UK

The relationship between Harrow School in the UK (Harrow UK) and AISL Harrow Schools in Asia is a genuine, purposeful collaboration.

Acting as the representative of Harrow UK, Harrow International Schools Limited (HISL), a wholly-owned non-charitable subsidiary trading company of the Royal Charter Corporation (comprising Harrow School and The John Lyon School), oversees and provides advisory services to all AISL Harrow Schools.

AISL Harrow Schools are supported and held to account by Harrow UK. Governors from London visit each of our schools twice every year to conduct quality assurance inspections in collaboration with senior AISL Harrow educational specialists.

This oversight is rigorous - AISL Harrow Schools are held to the same high standards as those of Harrow UK. This demanding educational standards framework is underpinned by strong support structures across the network of Schools.

Education teams from the UK and China meet at Harrow UK to build our unique bilingual curriculum

The Head Master of Harrow School, Mr. Alastair Land and Chairman of HISL, Mr. Mel Mrowiec with the AISL team

# 450 YEARS OF EDUCATIONAL EXCELLENCE

*Harrow School in the UK* is one of the world's most respected private educational institutions.

Founded in 1572 under a Royal Charter granted by Queen Elizabeth I, Harrow School in the UK has a well-deserved reputation for academic excellence, the 'House System' and outstanding holistic education.

Amongst the school's alumni are some of the most influential figures in world history, including **Lord Byron**, **Winston Churchill**, **Jawaharlal Nehru**, **King Hussein**, **Lord Rayleigh** and numerous influencers, inventors, artists and **Nobel Laureates**.

# PURPOSE *and* VALUES

## Educational Excellence *for* Life and Leadership

We proudly look to the heritage of Harrow UK for our guiding principles, embracing the Harrow School's Values across our network of schools. These Values anchor our holistic educational approach that focuses on developing the whole child through individual care and support.

At Harrow, respect for tradition is balanced with innovation. Our Group's forward-looking personality drives us to excel. Our progressive teaching methodologies, distinctive curricula designed for each type of school, and other initiatives place us at the forefront of educational excellence.

All this is done to lift students to new levels of achievement in an ever-changing world, establishing lifelong learning interests and leadership potential to serve the wider community and lead wherever they are.

In summary, we invest in our students today, providing a forward-looking education that benefits them for life as a result of a solid foundation that honours the Harrow Values and heritage.

# FOUR CORE VALUES

Our four core values are embraced by all AISL Harrow Schools in China and elsewhere in Asia.

## COURAGE

- ◆ We remain optimistic and purposeful in a disrupted world.
- ◆ We take responsibility for our decisions, even the hard ones.
- ◆ We always challenge poor behaviour, in ourselves and others.
- ◆ We are open to new ideas and seek fresh challenges.

## HONOUR

- ◆ We keep our promises.
- ◆ We act with integrity – doing the right thing, even when it is difficult or when no one is watching.
- ◆ We respect and value our traditions whilst setting them in the context of today.

## HUMILITY

- ◆ We work hard to serve others within the school and across our wider communities where possible putting their interests before our own.
- ◆ We give and seek honest and appropriate feedback, reflect on our failures and learn from them.
- ◆ We support each other through challenges and whatever the outcome, we celebrate those that took part.

## FELLOWSHIP

- ◆ We respect each other and value our differences, knowing that we are more effective and more resilient working together.
- ◆ We are kind and inclusive; we value the contribution that each of us makes.
- ◆ We role model the behaviours that we would like to see in others; we ask only of others what we would be prepared to do ourselves.

## AISL Harrow Service

True leadership represents someone who knows how to serve others and contribute to positive change in the community. Service-learning is fundamental to a Harrow education and an essential part of our holistic education.

Our students understand that with privilege comes responsibility. Through involvement, engagement and collaboration with various social groups, students will get to serve the underprivileged, raise awareness of social issues, fundraise to meet immediate needs and contribute in many more ways. This will be conducted as an all-school Service Day or Service Weekend and students will be joined in their engagement by faculty, staff, parents and alumni, to manifest servant leadership.

# EDUCATIONAL EXCELLENCE

## Academic Excellence

Over the years Harrow International Schools have built an exceptional track record of successes in university placement, based on outstanding grades and bespoke counselling support.

As a result, our alumni are studying at some of the world's best universities.

## Personalised guidance, privileged access

We ensure that all students achieve their academic potential, plus develop the personal attributes and build the experiences that improve their university and career opportunities. Each year many students graduate from the our schools to take up places at Oxford, Cambridge and Ivy League universities, as well as the best universities in Asia.

While many schools adopt a 'one size fits all' approach to university guidance, all our Harrow International Schools and Harrow Innovation Leadership Academies offer a dedicated University Admissions and Careers Guidance Centre. Specialist tutors support the application process, giving individualised assistance to each student (and their parents).

## AI SL Harrow Scholarships

AI SL Harrow Scholarships Programme recognises young people who are able to succeed through adversity and achieve excellent results academically and beyond. It intends to celebrate those who demonstrate courage, honour, humility and fellowship - the Harrow School Values - in the most illustrious ways. AI SL Harrow Scholarships welcome outstanding young people who show passion, genuine commitment to continuous improvement and willingness to take on challenges to apply. Successful scholars will be awarded a full tuition fee, allowing them to study at one of the AI SL Harrow Schools in our network, receiving a world-class education that will further develop their capabilities.

## Co-Curricular Activities Programme

Our extensive Co-Curricular Activities Programmes are not 'extra' as they are an expectation as we believe vital learning takes place outside of the classroom. These programmes broaden horizons, instil a sense of adventure, and foster leadership attributes. Academic learning is therefore supported by an extensive range of activities, societies, and events.

Sport has always been important for Harrow. Our AISL Sports Programme ensures all students participate in sport in clubs, House events and academies. Many students will specialise in one or more sports and this is encouraged and supported by specialist coaching in our clubs and academies. By playing competitively, and representing the house or school across a range of sports, students learn high level skills and experience lessons for life.

Challenging students to step outside their comfort zones, perhaps performing in front of an audience or taking part in a debate, our AISL Talents Programme is vital to the development of the Harrow School's Values of honour, fellowship, courage and humility. Through the creative arts (music, drama and visual art), students build self-confidence and grow as individuals. AISL Music Festival, a signature event of AISL Talents programme, will foster young people through engagement with high-quality music and give learning opportunities to young musicians.

Our Expeditions Programme provides students with a wide range of diverse outdoor education challenges. From the first night away from home in Grade 1, to life-changing experiences up a mountain or building and camping on a raft, expeditions expand the students' view of themselves and their world.

## Outstanding Teaching Quality

Quality education is always a reflection on the quality of educators and instructors.

Our outstanding Education Team provides expert support to the Heads, teachers, senior and middle managers, and educational support staff in our schools. Drawing on decades of leadership experience in the UK and internationally, they lead professional development and quality assurance programmes across our family, informed by the latest thinking in educational best practice. Comprised of senior education professionals, including successful school Heads, government advisors and influential educational thinkers, the team takes a research-based, progressive approach that drives excellence in our schools.

AISL Harrow Schools have a worldwide reputation for the high-quality education, teacher engagement, student attainment and parental satisfaction. We maintain these standards by recruiting only the very best teachers and school leaders. All our educationalists are highly qualified, many holding advanced degrees and other additional certifications. The majority are recruited from the UK, plus Australia, New Zealand and other English-speaking countries with high quality education systems.

As a renowned family of schools we are privileged to be able to select from a pool of exceptionally talented teachers who want to work for Harrow. Where possible, our teachers are interviewed at Harrow UK where they have a positive first experience of the family. A rigorous recruitment process is followed, with only the very best candidates being employed. In addition, our safeguarding and background checks are exceptionally thorough meaning we are confident all adults in our schools are safe to be close to our students.

## World-class Facilities and Digital Campus

Our schools provide safe and expertly designed world -class learning environment based on both Harrow traditions and the latest educational technological thinking. Students therefore benefit from large classrooms, pleasant circulations spaces, extensive sports facilities, creative arts spaces, safe personal areas and inviting campus environments.

Supporting the development of STEAM studies, lessons at Harrow utilize the very latest digital teaching methodologies. A meticulously planned blend of face-to-face and digital content sees students augmenting their learning in and out of the classroom with carefully managed access to online resources and inspiring enrichment materials. The fully integrated digital campus allows technology being the integral part of the curriculum and the super curriculum as emphasize in our unique educational approach.

# SITE SELECTION CRITERIA AND EVALUATION

## How We Identify Ideal Sites For School Development

# 1

### ACCESSIBILITY

- Close proximity to good transport links and access to an international airport
- Day students 1 hour max travel time
- Site must not be near physically hazardous areas

# 2

### DEMOGRAPHICS & SOCIOECONOMICS

- National average % of population aged 3-18
- National average % of population earning greater than median income
- Strong cultural and educational presence in the city (museum, research centres, schools and universities, etc.)
- Low crime rates
- Low unemployment rates

# 3

### ENVIRONMENT

- Safe, pleasant, reasonably attractive and conducive to learning
- Low dust, pollution & noise levels, and minimal potential for physical hazards
- Away from noxious industries, busy commercial areas and high-volume traffic
- Surrounding land use should be incompatible
- Close proximity to public parks, & other facilities
- Minimal daylight obstruction

# 4

### COMPETITION

- Existing international/private schools nearby will indicate the presence of demand and target market
- Excessive competition may lead to detrimental
- Consideration of the source of students for nearby school

# 5

### TOPOGRAPHY

- Good ground conditions to reduce cost of foundations
- Sufficiently elevated to avoid drainage from surrounding areas and adequately pitched to shed its own surface water quickly
- Low frequency of seismic activity and natural hazards

# 6

### SIZE

- Minimum required land size is calculated using student roll, plot ratio, building and education regulations,
- Size of land may take into account the potential to develop residential and commercial properties

# 7

### REGULATORY CONSIDERATIONS

- Land use/existing buildings (for brown field sites) should be for education or easily convertible
- Preferably has good potential for local government support
- Financial rules (profit/not-for-profit) may play a role in site selection

# 8

### ACQUISITION & DEVELOPMENT COSTS

- Development costs include clearing, demolition/removal, earthmoving, utility installation, and landscaping.
- Land acquisition costs – preference for subsidized or education-use land to control costs
- Cost of student transportation
- Land and development costs based on cost of usable m2

# A SAMPLE OF K-12 SCHOOL WITH CAPACITY OF 1,500 STUDENTS

## Distinct Zoning

Separate facilities for Kindergarten, Primary, Lower Secondary and Upper Secondary schools

## Shared Facilities

400m running track, FIFA standard football pitch, indoor swimming pool, auditorium and creative arts centre, multi-purpose hall, cultural & moral education centre

## STEAM Education

Science, Design & Technology, Coding, Robotics, Art and Mathematics facilities

## Boarding and Housing

Able to accommodate boarding for up to 60% of G7-12 students, and housing for a proportion of expat staff on site

## Pastoral

Facilities to accommodate a House system for highly personalised mentoring (both adult & peer) for mixed-age and enrichment activities

## Clean Air & Sustainability

Building designs utilise environmentally friendly technologies and design efficiencies (e.g. natural airflow, air purification, solar energy)

Building Area (~100,000 m <sup>2</sup> )	~ GFA in m <sup>2</sup>
Kindergarten	5,000
Grades 1-12 (academic and common areas)	40,000
Outdoor Facilities + Carpark	40,000
Student Accommodation (Grades 7-12)	8,000
Staff Accommodation	7,000

Educators *for* Excellence

“To nurture and support continuous learning of teachers and educators to address changing pedagogic needs in a challenging and complex world through professional development and attainment.”

# AISL ACADEMY

## Educators *for* Excellence

Teachers and education leaders are the drivers of academic success, the shapers of values and the examples of service. Their dedication in nurturing the next generation to scholarship and intellect will change the way societies are built and how futures are shaped. However, in the act of scaffolding and educating students, lifelong educators also need support to make measured and sustainable impact. They are, as we know, the key drivers for creating the right learning conditions for students to achieve academic excellence and lifelong leadership skills.

AISL (Asia International School Limited) Academy is established with the objective to nurture and support the continuous learning of teachers and educators to address changing pedagogic needs in a challenging and complex world through professional development and attainment. Launched online in August 2021, with a physical campus to be located in Bangkok Thailand from 2024 onwards, AISL Academy is a global learning professional development platform for educational specialists who will have access to the latest and best practices of pedagogy, professional learning and social development, within an international, interactive and interconnected setting. Built upon AISL Harrow Schools' pillars of strengths and excellence, the Academy is a collection of high quality and high impact certified and accredited courses, dedicated panel discussions and shared learning events, targeting educators including but not limited to international education professionals, and educators of both international and bilingual K-12 education.

# PROGRAMME OFFERING

AISL Academy offerings aspire to target several audiences, including (1) educators, (2) international education professionals, (3) parents of both international and bilingual K-12 education, and (4) students. Listed below are the categories of content that are offered through our platform.

## **AISL CORE:**

AISL Core provides a series of Core courses and shared learning sessions, where students, existing and new colleagues are offered induction opportunities to learn the values, culture and ethos of the AISL Education Group.

## **PROFESSIONAL LEARNING:**

Professional Learning affords opportunities to learn, share and grow with peers in online, onsite and blended learning conditions. The Professional Learning opportunities comprise of courses, events, and resources, which address a broad range of contemporary school issues and needs; through targeted specialism in the areas of Educational Leadership, Bilingual Education, Early Years Development, Digital Learning and Safeguarding of Children.

## **PARENT EDUCATION:**

Parent Education targets strong home-school partnerships through promotion of positive educating outcomes for our future generations. AISL Academy seeks to provide world class content for parents in a variety of topics, including but not limited to Digital Learning, Early Years Education, Academic Enrichment, University Admissions and Wellbeing. AISL aims to engage parents within a seamless learning journey through:

- ◆ Flexible and quick, bite-sized, independent learning opportunities designed to support parents with relevant course content, thereby empowering them to be actively involved in their child's learning process.
- ◆ Structured shared learning opportunities inviting parents to learn about evidence-based practices that promote their child's authentic learning. Advocates, educators, and policymakers will share their expertise in panel discussions, webinars, events and workshops.
- ◆ Comprehensive deep learning experiences designed by specialists to guide parents toward achieving specific learning outcomes upon completion, with assessment and certification conditions.

# A *ISL* **OUTDOOR**

**Holistic Education *for* Excellence**

“To take students out of the classroom for experiential and collaborative-based learning to widen perspectives, broaden horizons, build resilience and gain in maturity.”

# AISL OUTDOOR

## Holistic Education *for* Excellence

With over 20 years' experience operating in Asia, the Asia International School Limited (AISL) Group is proud to launch a new initiative, AISL Outdoor. This initiative supports AISL's strong commitment to excellence, and brings students physically out of the traditional classroom for a more holistic form of education; one of experiential and collaborative learning.

Offering this opportunity for learning in the great outdoors, AISL Outdoor will present students with an environment of nature and space, and will introduce the idea that lifelong learning doesn't have to take place in the classroom alone. AISL Outdoor will help forge new patterns of behaviour that will challenge usual perceptions and will encourage students to broaden their horizons.

Holistic learning focuses on the ability to reflect and learn, and as these skills are developed, students will be engaged in projects and activities that they will be able to apply critical-thinking skills to. This will help them to build resilience and confidence, develop teamwork and communication skills while also allowing them to form invaluable leadership qualities.

## **AISL Outdoor Summer Camps at AISL Harrow Schools**

In 2023, AISL Outdoor launches its first AISL Outdoor Summer Camps Programme, offered at 10 AISL Harrow Schools taking advantage of the superb facilities, and providing the perfect opportunity for students aged 8 - 16 years to remain engaged over the summer months, while also taking time to have fun in a relaxed learning environment.

The AISL Outdoor Summer Camps have been carefully designed to deliver a holistic approach to teaching, moving away from the traditional classroom and embracing the great outdoors. Students will benefit from a wide and varied programme of activities, which will allow them to develop many aspects of their character, including critical thinking and leadership skills.

In line with AISL Outdoor's ethos of excellence, there will be a choice of different themes, depending on the Summer Camp selected, including adventure, STEAM, sports and leadership.

Whichever the discipline chosen, there are team building challenges, encouraging students to learn more about themselves, others and their environment. Through experiential and collaborative learning, students are able to engage, reflect and build resilience - all skills that will contribute to their journeys of self-discovery and personal growth.

Above all however, the Summer Camps aim to be enjoyable, keep students engaged and enthused over the summer, and offer memories that will last a life time!

The AISL Outdoor Summer Camps are available to all Harrow students and to the wider community on a first come first served basis.

Educational Resources *for* Excellence

“To provide the latest in innovative and creative, as well as technological educational resources for schools, teachers, students and parents to keep pace with the demands and requirements of 21st Century learning.”

# AISL MALL

## Educational Resources *for* Excellence

Asia International School Limited (AISL) is planning to launch the AISL Mall in 2023 aiming to establish an ecosystem that promotes the highest quality educational products and services used by schools, teachers, and parents around the world.

The platform will be launched internally and used by schools and teachers in the AISL Family, before being launched to the wider public.

AISL Mall aims to bring awareness around the latest high-quality educational products and services to its community and beyond. Any products and services that could benefit our schools, teachers, students and even parents can be found here.

By partnering with leading institutions and content providers, AISL Mall will provide high quality solutions that address a broad range of contemporary school and educator needs, including, but not limited to:

- ◆ Educational Resources
  - Suppliers and Resources
  - Publications
  - Library Solution
  - Numeracy and Literacy Solutions
- ◆ Higher Education
  - University Prep and Applications
  - Scholarships
- ◆ Experiential Learning
  - Talent Development/Internships
  - Super-Curriculum
- ◆ Global Education Opportunities/Events
  - Educational Events
  - International Competition
